WHO WE ARE?

Emphatic Vans & Testing Labs Pvt. Ltd. is a leading consulting agency specializing in product testing, registration, and inspection for Indian regulatory compliance. We offer comprehensive services to both foreign and Indian clients, guiding them through the process of securing essential regulatory approvals.

We help businesses successfully navigate India's complex compliance landscape, ensuring they meet all necessary requirements. With our expert guidance, companies can achieve smooth and efficient regulatory approvals, for the Indian market.

WHY CHOOSE US?

01

We provide a comprehensive, single-window solution for all Indian regulatory compliance certifications, including BIS/CRS, ISI, FMCS, Scheme X, Plastic EPR, and Electronic EPR.

02

Since 2014, we've been dedicated to helping our clients in navigating compliance challenges, delivering projects with precision and efficiency.

03

As one of India's most cost-effective service providers, our experienced team is committed to offering top-quality compliance support, ensuring your business meets regulatory requirements smoothly and on time.

VISION & MISSION

COMPANY VISION

Our vision is to update, execute, and deliver Indian regulatory requirements with the highest quality, at the best pricing, and within the optimal timeline. We aim to set industry standards for excellence in compliance, ensuring our clients achieve seamless and efficient regulatory adherence.

COMPANY MISSION

Our mission is to simplify compliance challenges for manufacturers and clients across India and globally. We keep manufacturers updated on the latest Indian regulatory requirements and assist them in ensuring their operations run smoothly and in accordance with Indian standards.
